

STRUCTURAL STABILITY CERTIFICATE
Construction of school building at Haldwani, Distt. Nainital

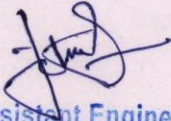

1. Name of the school : Jim Corbett School, Haldwani
2. Name of Society: Jim Corbett School Society

Technical Note:

This School building is approved for three storey and three storey have been completed and in use. The building layout is in rectangle shape with RCC frame structure.

The building site was inspected on 10.06.2023. Foundation was dug to ascertain the dimensions and quality of construction and found suitable. The plinth of building is high to protect the structure for rains. Proper drainage has been provided for building safety. The superstructure members like column, beams and slabs dimensions and the thickness of members was examined in detail and found to be adequate from load considerations. Designed reinforcements have been provided properly. The building is safe from structural safety aspects.

This certificate is being issued the authority of Department of Housing, Govt. of Uttarakhand, vested on me. (Copy enclosed)
